The Detroit Metro Motorcycle Safety Consortium offers comprehensive, hands-on motorcycle-safety education and training in a safe and comfortable environment. Since 1999, the Consortium has trained over 82,200 students. Our classes are taught by professional, certified instructors who have not only a passion for riding but riding safety. Our primary goal is to improve the safety of motorcyclists on our roads. Financial support is derived from a motorcycle-safety grant administered by the Michigan Department of State.
